These programs do not offer certification in undergraduate teaching fields. They do, however, offer some undergraduate courses, many of which are required or are options for certification in the various undergraduate teaching fields.

**Program in Computers and Applied Technology (CAT)**
Professor Margaret Rice (Program Coordinator)
Office: 315-F Graves Hall

Courses provided by the Program in Computers and Applied Technology are commonly used to satisfy part of the general studies requirements for the College of Education baccalaureate degree. Undergraduates often use CAT 200 Computer Education Application and CAT 250 Computer Educ Curric Devel to meet the University’s Core Curriculum requirement for foreign language/computer science.

**Program in Social and Philosophical Foundations in Education (BEF)**
Professor John Petrovic (Program Coordinator)
Office: 307-C Graves Hall

Foundations in education course offerings include basic support for undergraduate and graduate teacher education programs throughout the College of Education and for programs in other units of the College and the University. Students in a teacher education program are typically required to take at least one Foundations of Education course covering studies in philosophy, history and sociology of education.
